PROFESSIONAL SUMMARY

Full Stack Developer with hands-on experience building and deploying production-ready web applications using Next.js, React, Node.js, Strapi, and PostgreSQL, with strong frontend and UI/UX skills.

WORK EXPERIENCE

Bharat Digital Limited (UK) | Full Stack Developer | Jul 2025 - Jan 2026

- Independently designed, developed, and deployed the company website (bharatdigital.co.uk), covering UI/UX design, full-stack development, and production deployment.
- Designed UI/UX in **Figma** and created brand assets including logo and letterhead aligned with company identity.
- Built a responsive, SEO-optimized frontend using **Next.js** and developed a **Strapi CMS backend** integrated with **Supabase PostgreSQL** for content management and form handling.
- Implemented resume upload and secure file storage using **Cloudinary**, with automated email notifications via **Brevo**.
- Managed deployment (**Vercel** frontend, **Render** backend), analytics integration, and technical documentation.

EDUCATION

Christ The King Engineering College
